

2023-2024

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Nursery	<p>This is Me! We learn and play together, supporting one another as we explore and experience new things every day. We have lots in common, but there are also lots of things about ourselves that make us special. Together, we are going to be learning about ourselves and each other and celebrating what we have learned with our families.</p>	<p>Blast Off! At bedtime, the moon and the stars come out. They shine down from the night sky. Have we ever imagined what it might be like to go on a journey to the moon and the stars? What might we find there? Who might be living there? And what is the moon really made of? Perhaps it is time to find out!</p>	<p>Imagine That An artist can be someone who likes to paint and draw, to imagine exciting adventures and fill their paper with colour and life. An artist can be someone who likes to build and make, to create models and sculptures that wow and amaze. An artist can be someone like you and me – we can all be artists, and make exciting things happen with our imagination and creativity. An artist can be someone who just likes to investigate and explore and express themselves.</p>	<p>Animal Rescuers We share our world with many different animals – from the pets that we might look after at home to the big wild animals we might see on television or in books. We are going to imagine we are travelling all around the world, to visit some very exciting places and meet the animals that live there. We're also going to help these animals to feel happy and safe. Some might even want to share some amazing stories with us! Are you ready to pack your bags for a fabulous adventure?</p>	<p>Let's Play Outside! Something magical happens when children are outdoors; they both speed up and slow down. That moment the door opens to the playground and a stampede forms itself out of the door with children yelling 'yeeeeeeeeaaaaaaargghh' and hands up in the air. Children have a natural urge to learn more about the world around them and this drives children to examine, explore and experiment as they begin to learn about and understand their world and the objects, people and places within it.</p>	<p>Moving On Up/ Let's have a Party! Children will be getting prepared for the next step in their school journey. They will visit schools for transition days and discuss how they feel about starting school. Children will be encouraged to become increasingly independent. Children will also be involved in planning and organising the end of year celebration.</p>
Reception	<p>This is Me! We learn and play together, supporting one another as we explore and experience new things every day. We have lots in common, but there are also lots of things about ourselves that make us special. Together, we are</p>	<p>Let's have a Party! Let's Have A Party! explores the many celebrations which punctuate a young person's early years. Celebrations ripple from the personal out to the global and by their nature support our aims</p>	<p>To The Rescue! Superheroes to the rescue! Superheroes are all around us, using their special super powers to help others in need. We're going to become heroes too, by making our own costumes and imagining the amazing and incredible</p>	<p>The World Around Us Look out of the window and what do you see? We share our world with lots of living things – people, insects, animals, birds, plants and trees. We need to make sure that our world is well looked after, so that everyone in it can</p>	<p>Going Places A journey can start at any time and take you to exciting places. We go on journeys every day, sometimes by car, sometimes by walking – perhaps we might go on a train, or an aeroplane, or a boat setting sail across the sea. There</p>	<p>Ocean Treasures Have you ever wondered what you might find under the sea? We're going to be exploring the oceans of the world, investigating forests of swaying seaweed, and diving deep into the darkest depths, to find</p>

	going to be learning about ourselves and each other and celebrating what we have learned with our families.	as teachers to create positive and diverse learning experiences. We celebrate our friends and family, nature, history and world events. We celebrate past, present and future. A dive into what and how we celebrate throws focus on children's personal and interpersonal skills which scaffold their relationships and world view.	powers we will use to help ourselves and other people around us. Lots of exciting new adventures await us as we explore and learn about the world of Superheroes!	enjoy a healthy and happy life.	are many ways we can travel and many adventures we can have. Where would you like to go today?	out more about all the amazing and beautiful animals that make the sea their home. Are we ready to take the plunge and see what we can find?
Other Key Events	Transitions	Christmas production				Transitions – New intake Sport's Day Reports
Other Themes (Throughout the year)	<p>Healthy Habits Our aim, as teachers and parents, is to nurture happy, capable and resilient children. Early childhood development and lifelong health are deeply intertwined, so it is never too early to focus on a child's health and well-being. This unit of learning provides children with a gentle introduction to the personal and interpersonal skills that they will need, and will continue to develop, throughout their life.</p> <p>Weather Wonders Look out of the window. What is the weather doing today? Will it be the same tomorrow or the day after that? Weather can change all the time. It can be raining, snowing, windy or sunny. There are lots of different types of weather and each one can make a big difference to what we can do, what we wear and even how we feel. Weather happens everywhere in the world and it's what makes where we live special. As we become weather watchers and learn more about the weather, we will discover there's lots of fun to be had, whatever the weather!</p>
